LINEARCERAM

Exquisitely thin
is the next dimension of beauty.

LINEARCERAM's accurate design harmonizes with any space. Sophisticated and inviting to use, LINEARCERAM is a new paradigm in bathroom aesthetics.

TOTO has developed a new material "LINEARCERAM" that is stronger than general fire clay by combining unique ingredients. This gave us more freedom of design and made a highly accurate design possible.

We created a cutting-edge design that is extremely thin, emphasizes its linear contours and smoothness.
